REF; LORY ACCIDENT.

Dear Brothers and Sisters,

Receive Christian greetings from Rukwa Province, hoping that this letter finds you well.

The reference is made to the captioned subject.

We hereby, inform you that our lorry got accident this week on 6/07/2010 on the way coming back from Kasanga where it went to pick Rev.Mwanjisi together with his family. For the moment more than ten Pastors have been received transfer. Some are joining theological colleges and others have received an ordinary transfer. Unfortunate the accident caused the death of pregnant woman and her son. The day was drawing near to her to bring birth and therefore she asked the driver to pick her up to Ngorotwa health centre. According to the driver, the accident caused by the failure of exchange of gear. he tried to apply gear number two but it refused to enter and because it was climbing a mountain it loosed balance and started turning back and eventually it dropped into the small valley. We have taken an immediate action of informing Regional traffic officer to go and investigate the situation. we went with her day before yesterday and she only told us that the case will be brought to the court and that the driver is supposed to go to the court on the coming Monday. Tomorrow morning the vice chairperson together with ten group of people are going to Kasanga to try if they can move out a lorry from the valley.

This is how the situation is. We only ask you to continue praying for us for the families who lost pregnant woman and a son.

Yours truly,

Rev.Erord Rupia Simae  
Chairman MCTRP
